

Bursary Application School Year: 2017-18 (New)

Important Information

Please complete all questions, the information is needed to be able to consider your application. Continue on a separate sheet of paper if there is not enough space.

All figures given on the form **must** be accompanied by supporting documentation. Details of what should be provided can be found overleaf. If you cannot provide this, please explain in detail in your personal statement.

Incomplete applications and applications without supporting documentation will not be considered.

All offers of financial assistance have the following conditions:

1. Your child/children maintain a good attendance record, makes good progress and acts in accordance with the school's expectations relating to behaviour.
2. The financial contributions agreed remain up to date.
3. The details of the agreement remain strictly confidential.

It is expected that all families applying for a bursary will have already considered how they can increase their income and reduce their expenditure, and will have investigated other means of funding the school fees.

Bursaries are not normally granted to families who move to Bristol on a speculative basis without having first secured a source of income, or who choose for lifestyle reasons to take up or remain in a situation in which they cannot afford to pay.

When a child in receipt of a bursary leaves the school any deposit(s) held by the school will be retained by the school

Where a child's parents are no longer living together, we normally require both parents to submit financial information prior to granting a bursary. This may be done together, or on separate forms. If this is not possible for any reason, this should be explained in your personal statement.

All bursaries are re-assessed on an annual basis, please return this application by end of **May 2017**.

You will be informed in writing as to whether your application has been successful.

Declaration

I/we certify that all the details in this application and any additional papers I/we have attached are correct to the best of my knowledge. I/we understand that all information given will be confidential.

I/we understand that the school has limited resources and cannot guarantee that my application will be successful.

I/we understand that the school's Business Model allows for 30% of pupils in each of Years 1-5 (the Primary School Years) to be able to be in receipt of a Bursary if they meet the income threshold for a Bursary. The Bursary is equivalent to a full term's fee remission a year – a saving on fees of £2659. This reduces the monthly direct debit payments required from £664 to £443.

I/we understand the conditions on which any Bursary award is made, and that the Bursary may be withdrawn by the School in the event of a condition not being met.

I/we confirm that should any of my circumstance change positively during the course of the academic year that I/we will inform the School Business Manager at Bristol Steiner School without delay.
